AUTOMATIC ENROLLMENT

The eligible automatic contribution arrangement (EACA) provisions apply to the Plan. This type of automatic enrollment allows the Plan Administrator to enroll certain employees in the Plan who have not previously elected to participate in the Plan.

Do the Plan's automatic enrollment features apply to me if I have already made a deferral election?

No, if you have already made a deferral election that amount will continue to be withheld from each of your paychecks until you make a new election.

What happens if I do not make a deferral election by the initial Eligibility/entry date?

If you are eligible to make elective deferrals and you do not make a deferral election by the initial Eligibility/entry date, the Plan Administrator will begin deducting automatic deferrals from each of your paychecks and will submit those amounts to the Plan (automatic deferrals) on your behalf. An automatic deferral amount of 6% of your compensation will be withheld from each of your paychecks. The automatic deferral amount will be contributed as a pre-tax elective deferral to the Plan.

If you do not wish to have automatic deferrals withheld from each of your paychecks or if you want to change the amount withheld, you must make a deferral election. If automatic deferrals have already started, you may make a deferral election to change the amount being withheld or to stop the deferrals entirely.

If automatic deferrals are withheld from my paycheck can I take that money out of the Plan right away?

Yes, you may request that your automatic deferrals and any earnings on those deferrals be distributed to you as long as you make the request in writing within 90 days of when the automatic deferrals were first withheld from your paycheck. Any matching contributions associated with the automatic deferrals that you take from the Plan by the deadline will be forfeited. After that deadline has passed you will only be able to take the automatic deferrals out of the Plan when elective deferrals can be distributed.

ELECTIVE DEFERRALS

Your elective deferrals are amounts that you chose to (or are assumed to have chosen to) have withheld from your paycheck and contributed to the Plan in your name. Please see the section of your SPD titled "Eligibility for Participation" to determine if you are eligible to make elective deferrals and "Contributions to the Plan" for the type of compensation you may defer into the Plan.

How do I make or change my deferral election?

You may make or change your deferral election by going to the following web site or calling the voice response unit at the following number: logging into your account or by calling 1-800-958-5124 to speak to a Principal representative.

Once I make a deferral election, how often can I change, stop, or re-start the election?

You may change or re-start your deferral election once each pay period. You may stop your deferrals at any time.

If I make a deferral election is the amount withheld from my paychecks taxed?

You will have the option to decide if the amount you elect to defer into the Plan is taxed or not. If you chose to have your elective deferrals go into the Plan as pre-tax elective deferrals, you will not be taxed until you take the money out of the Plan. If you chose to have your elective deferrals go into the Plan as Roth elective deferrals, you will be taxed on that money when it is taken out of your paycheck, but it will not be taxed again when you take it out of the Plan. The earnings on those Roth elective deferrals may be taken out tax-free if certain conditions are met. Please see the SPD for more information on Roth elective deferrals.

Are there any limits to how much I can defer into the Plan?

Your elective deferrals are subject to the following limits:

- The maximum amount you can defer is 100% of your compensation.
- Your total amount of deferrals cannot be more than \$20,500 (for 2022).
- If you are age 50 or over, you may defer an additional amount, called a "catch-up contribution," of up to \$6,500 (for 2022).
- If you have fifteen years of service (disregarding any period during which you are not an Employee of an eligible employer) you may be entitled to make a special Code section 403(b) catch-up contribution (a maximum of \$3,000). Contact the Plan Administrator for more information about this special catch-up contribution.

The Plan Administrator may establish additional rules you will need to follow when making your deferral election. Your deferral election is only effective for compensation you have not received yet. The Plan Administrator may also reduce or totally suspend your election if they determine that your election may cause the Plan to fail to satisfy any of the requirements of the Internal Revenue Code.
